SOHAM PANDA

AI Engineer

CONTACT

Phone: +91 8700470149 **Address**: New Delhi, India
Email:sohambanda95599@gmail.com **LinkedIn | GitHub**

PROFESSIONAL EXPERIENCE

AI Intern | 2025
Microsoft Elevate Program

- Spearheaded development of a fake news classification system using TF-IDF and Logistic Regression, achieving 98% accuracy
- Built an interactive Streamlit application enabling real-time news credibility analysis for non-technical users
- Designed an end-to-end ML pipeline from preprocessing to deployment

Data Analyst Intern | 2025
Unified Mentor

- Conducted exploratory data analysis on workforce datasets to identify attrition patterns and risk segments
- Generated actionable insights and dashboards for stakeholders using Pandas and NumPy
- Improved data-driven decision-making through structured reporting

PROJECTS

PersonalLearn — AI Tutor
- Built an adaptive tutoring system using Gemini API with role-based prompting and structured outputs
- Implemented context-aware explanations tailored to user learning levels

Fake News Detection System
- Developed a complete NLP pipeline using TF-IDF and Logistic Regression
- Achieved 98% accuracy and deployed via Streamlit interface

Movie Recommendation System
- Built a content-based recommender using TF-IDF and cosine similarity
- Integrated TMDB API for metadata enrichment

Spotify User Segmentation
- Applied K-Means clustering with PCA for dimensionality reduction
- Identified distinct user groups based on listening behavior

EDUCATION

SGT University | 2024–2028
Bachelor of Technology in Computer Science

- GPA: 9.14

SKILLS

AI & LLMs
Gemini API | Prompt Engineering | RAG | LangChain | Transformers

Machine Learning & NLP
Logistic Regression | K-Means | PCA | TF-IDF | Cosine Similarity | EDA | Feature Engineering

Tools & Technologies
Python | Pandas | NumPy | Scikit-learn | Streamlit | REST APIs | Git
